## TEXTILE RESTORATION

CRDN is able to achieve a 96% average restoration success rate for fabric items affected by a variety of contaminants, including odor. We restore clothing, linens, leather shoes, handbags, drapery, stuffed animals, and much more!

## ELECTRONICS RESTORATION

CRDN uses a one-of-a-kind system to test electronics both before and after decontamination. We restore computers, kitchen appliances, audio/video devices, cameras, fitness equipment... If it plugs in or has a battery, we can handle it.

## ART RESTORATION

CRDN uses proven, professional techniques to restore a large variety of art and collectibles, treating valuable items and precious keepsakes with care to protect their integrity.
